

Colne Edition and BullardMusic: CHORAL DOWNLOADS (pdfs)

Each choral download is supplied as a pdf, marked with the number of copies and the name of the purchaser or choir (if you'd like another name on the copies, let me know). The pdfs can be printed out, or read from an Ipad or similar. They are sold on the understanding that purchasers do not print out or save more copies than they asked for, and that they don't lend them out to other choirs. Thank you!

To order, just email alanbullardmusic@gmail.com with your order – I'll advise you of the price and how to pay (bank transfer or paypal) and then email you the pdf.

I can probably supply downloads of other Colne Edition choral publications that are not on this currently rather short list – please just ask.

There is a minimum order of 5 copies for all choral downloads, and as you can see there is a saving per copy as the number increases. In all cases (after the first three copies) there is a considerable saving on the printed copies.
